Modernising Workplace Learning at Business EDUCA 2011

ICWE | Berlin, Germany | 24-Nov-2011.

Berlin. In spite of the increasing availability of innovative digital learning tools, many companies are still stuck in their ways when it comes to workplace learning. According to Martin Moehrle, learning consultant and former Chief Learning Officer at Deutsche Bank AG, 'In many of today's workplaces, the culture of learning is still a child of the 20th Century: having evolved in an industrialised context, it is not designed for the knowledge-based context into which we are transitioning.'
